

The Magic Paintbrush - 3rd Grade Program

The 4Cs: Super Skills for the 21st Century

Communication

Students practice listening skills by actively viewing the play and engaging with actors during the in-class preparatory workshop.

Collaboration

This play highlights the importance of teamwork and friendship. This theme is illuminated through the lens of the collaborative art form of theatre.

Critical Thinking

Students make predictions about the content of the show, and then evaluate those predictions. They also discuss what it means to create an adaptation of a story.

Creativity

One of the play's major themes is the power of art to transform the world around us. Students see this theme come to life and are exposed to a performance that includes professional sets, props, and costumes.
